Year	2023	Status	Active

Demo / Synthetic Document: This document was created solely for demonstration of the HEIRS project. It is not an official government order, regulation, policy, scheme, or legal document. All content is synthetic and presented only for project presentation purposes.

This implementation guidelines, prepared by Technical Education, supports the implementation of Open Educational Resources Policy. It sets out Policy encouraging adoption, curation and distribution of open educational resources across technical institutions. and provides the operational direction needed for consistent, accountable practice.

Introduction

This document accompanies Open Educational Resources Policy and provides operational detail for OER, Open Resources. Its purpose is to help those responsible for implementation act correctly, consistently and on time.

Issued in support of Open Educational Resources Policy, this guide translates the framework into practical steps for implementation. It is intended to be read alongside the principal document and any related circulars.

To Whom It Applies

The guidance applies to all institutions and stakeholders falling within the scope of Open Educational Resources Policy. Specific requirements vary according to institutional type, size and stage of implementation.

Covered entities are expected to align their internal procedures with the expectations set out here, adapting them only where local conditions or statutory requirements justify a documented variation.

Preconditions

Prior to implementation, institutions should confirm readiness in respect of OER, Open Resources, designate the officers responsible, and document any existing arrangements that will be retained or replaced.

Key Steps

A staged approach is recommended, beginning with assessment and planning, followed by rollout, monitoring of early experience, and refinement in light of feedback before wider adoption.

1. Brief governing bodies, staff and relevant stakeholders on the expectations.
2. Apply the arrangements and maintain the required records.
3. Report on a regular cycle and act on review findings.
4. Appoint a lead officer and notify Technical Education of the designated contact.
5. Conduct an initial readiness review against OER, Open Resources.

Responsibilities

Named officials within each institution are accountable for operational application, for reporting variances, and for ensuring that staff understand and follow the expectations set out in Open Educational Resources Policy.

Operational Procedure

Operational practice must follow an auditable sequence: application or initiation, verification, decision, communication, recording and, where applicable, renewal or extension.

Reporting Requirements

Reports should be submitted in the prescribed format and within the stated deadlines, summarising compliance, outcomes, exceptions and any corrective actions taken.

Closing Note

Effective implementation of Open Educational Resources Policy will depend on sustained institutional commitment and close coordination between Technical Education and the sector. Institutions are encouraged to embed the arrangements described here into their normal planning and review cycles.
