

Educational Technology Integration Pilot Project — Implementation Plan

Document Type	Implementation Plan	Reference Record	te-pro-2026-005
Department	Technical Education	Reference	TE/PRO/2026/005
Year	2026	Status	Draft

Demo / Synthetic Document: This document was created solely for demonstration of the HEIRS project. It is not an official government order, regulation, policy, scheme, or legal document. All content is synthetic and presented only for project presentation purposes.

Issued in 2026 by Technical Education under reference TE/PRO/2026/005, this implementation plan establishes the arrangements supporting Educational Technology Integration Pilot Project. In scope are EdTech, LMS, Integration, together with related expectations for institutions and stakeholders.

Purpose of this Guide

This document accompanies Educational Technology Integration Pilot Project and provides operational detail for EdTech, LMS. Its purpose is to help those responsible for implementation act correctly, consistently and on time.

This guide supports institutions, officials and beneficiaries in applying the provisions of Educational Technology Integration Pilot Project consistently. It explains eligibility, expected procedures and the supporting arrangements that govern day-to-day practice.

To Whom It Applies

Except where expressly stated otherwise, the guidance applies uniformly across Technical Education, and institutions should treat it as the reference point for day-to-day decisions on EdTech.

Covered entities are expected to align their internal procedures with the expectations set out here, adapting them only where local conditions or statutory requirements justify a documented variation.

Readiness

Prior to implementation, institutions should confirm readiness in respect of EdTech, LMS, designate the officers responsible, and document any existing arrangements that will be retained or replaced.

Implementation Steps

Institutions should first designate accountability, then prepare supporting documentation, brief staff, apply the arrangements and schedule a formal review of the resulting practice.

1. Apply the arrangements and maintain the required records.

2. Report on a regular cycle and act on review findings.
3. Appoint a lead officer and notify Technical Education of the designated contact.
4. Conduct an initial readiness review against EdTech, LMS.
5. Brief governing bodies, staff and relevant stakeholders on the expectations.

Responsibilities

Named officials within each institution are accountable for operational application, for reporting variances, and for ensuring that staff understand and follow the expectations set out in Educational Technology Integration Pilot Project.

Operational Procedure

Operational practice must follow an auditable sequence: application or initiation, verification, decision, communication, recording and, where applicable, renewal or extension.

Reporting Requirements

A consolidated reporting cycle will allow Technical Education to track performance across the sector and to identify emerging issues requiring guidance or intervention.

Way Forward

Effective implementation of Educational Technology Integration Pilot Project will depend on sustained institutional commitment and close coordination between Technical Education and the sector. Institutions are encouraged to embed the arrangements described here into their normal planning and review cycles.
