Scope and Applicability

The provisions apply to all universities and colleges under Technical Education. Sector partners, including employers and professional bodies, are expected to support implementation within their respective spheres.

This document covers all activities and stakeholders associated with Accreditation within institutions affiliated to Technical Education, together with arrangements for monitoring, review and reporting of outcomes.

Principal Provisions

Institutions are required to integrate Accreditation, Quality Assurance into annual planning cycles, designate accountable officers, and maintain records demonstrating compliance with the expectations set out here.

Institutions are required to integrate Accreditation, Quality Assurance into annual planning cycles, designate accountable officers, and maintain records demonstrating compliance with the expectations set out here.

Implementation Pathway

Institutions are expected to appoint a lead authority for implementation, adapt the framework to local context, and report progress to Technical Education in line with the prescribed cycle.

A dedicated implementation pathway, covering readiness assessment, capacity building and progressive rollout, has been designed to allow institutions of varying size and maturity to comply.

Accountability Framework

Clear allocation of responsibility is expected at institutional level, with Technical Education acting as the coordinating authority for evaluation, escalation and cross-institutional learning.

Technical Education provides policy direction, capacity support and performance oversight, while institutions translate the framework into operational practice and maintain day-to-day accountability.

Performance Monitoring

Technical Education will review implementation against agreed indicators, publish consolidated outcomes, and engage institutions that require additional support or show exemplary practice.

Conclusion

The success of this regulation rests on shared understanding and consistent application. Technical Education stands ready to support institutions in implementing Accreditation and looks forward to reviewing collective progress.
