Issued in 2025 by University Administration under reference UA/POL/2025/029, this main policy establishes the arrangements supporting Enterprise Resource Planning Policy. In scope are ERP, Implementation, Digital Governance, together with related expectations for institutions and stakeholders.

Background and Scope

Stakeholders across University Administration have emphasised the importance of ERP as a foundation for credible, well-governed higher education. The present main policy responds to that expectation by setting out clear, practical direction.

Following sustained engagement with universities, colleges and sector bodies, University Administration has prepared this main policy to give effect to ERP, Implementation. It builds on earlier guidance while updating expectations to reflect current conditions.

Purpose

This main policy is intended to translate the objectives of Enterprise Resource Planning Policy into actionable direction for institutions, officials and other stakeholders, ensuring that ERP is pursued in a structured and accountable manner.

By setting out the rationale, scope and operating expectations for ERP, the document aims to reduce ambiguity, support institutional planning and improve the quality of Implementation across the system.

Policy Objectives

In pursuing these objectives, University Administration intends to create conditions in which institutions can deliver consistent, high-quality outcomes in respect of ERP, Implementation, Digital Governance, with clear lines of accountability.

This document seeks to enhance institutional capacity for ERP, Implementation, promote transparency in decision-making, and ensure that resources committed to related initiatives are used effectively.

Coverage

The provisions apply to all universities and colleges under University Administration. Sector partners, including employers and professional bodies, are expected to support implementation within their respective spheres.

Applicable across the full range of institutions governed by University Administration, the document addresses planning, delivery, resourcing and evaluation, and may be supplemented by operational guidance issued subsequently.

Principal Provisions

Key provisions establish minimum standards for ERP, define the responsibilities of institutional leadership, and require documented arrangements for Implementation.

Roles and Responsibilities

Heads of institutions bear overall responsibility for embedding ERP, supported by designated coordinators, academic bodies and administrative units within each institution.

Clear allocation of responsibility is expected at institutional level, with University Administration acting as the coordinating authority for evaluation, escalation and cross-institutional learning.

Performance Monitoring

University Administration will review implementation against agreed indicators, publish consolidated outcomes, and engage institutions that require additional support or show exemplary practice.

Conclusion

This document is designed to evolve with institutional experience. Feedback from stakeholders will shape refinements, ensuring that the framework remains practical, proportionate and fit for purpose.
